Subject: Senate Budget Amendment Request

Hi Debora: I'm not sure you'd be the drafting attorney for this, but if not, can you please forward it to the appropriate attorney.

We just received a budget amendment request from Senator Robson to provide an additional \$50,000 GPR annually to the Wisconsin Poison Center to continue its public education work (apparently they were receiving some federal money for this purpose which may be getting cut). There is currently a GPR appropriation for poison control, s. 20.435(5)(ds), for \$375,000 GPR annually. My understanding is that DHFS awards almost that entire amount (\$370,000) to the Wisconsin Poison Center already.

While it is probably safe to assume that any additional money that goes into that appropriation will go to the Wisconsin Poison Center, I think the authors want to be certain it goes to the Wisconsin Poison Center. I wonder if we should create a new GPR appropriation for \$50,000 annually that says something like "In addition to any funds distributed under s. 146.57(3), the department shall distribute \$50,000 annually to the Wisconsin Poison Center for public and professional education programs." Is that permissible?

Thanks for your help.
